CAR PARKING : It is accepted practice that members of our congregation are free to park their cars in the Church grounds during the week, and the Congregational Committee is determined to maintain this arrangement for the convenience of members. The Committee is aware that a number of non-members, who have no connection with the Congregation, have been parking in the Church grounds, in some cases on a regular daily basis. As a result, the car park at times has become unduly congested. Measures are being taken to deal with this unauthorised parking, and **members are requested to assist by remembering always to close the gate on entry to the car park, and again after they leave.**
